Faculty Association Scholarship in Social Science PT

Abigail Aubrey Morton

Faculty Association Scholarship in the Schulich School of Medicine & Dentistry

Cassandra Sara Janozeski

Thank you for supporting Western.

Students across the University and in every Faculty are grateful for the support and recognition provided by the UWO Faculty Association scholarships.

Experience the Profound Impact of Your Generosity

Student award recipients share how donations to scholarships, awards, and bursaries have enriched their experience at Western and reinforced their drive to impact our communities. Your support is advancing individual potential by enabling recipients to explore a full spectrum of interests and passions that goes beyond degrees. Thank you!

“Receiving this award from the university enables me to focus my time and energy into my studies, skill development, and volunteer experience. This award confirms for me that I am on the right path, and encourages and enables me to continue studying, working, learning, and pursuing the field that I have chosen. I have received so much support from Western faculty and administration, and through scholarships, that I will graduate without debt and be able to enter directly into my next degree program – a Bachelor of Education.”

Renee Nikkel
Year 4, Music Education
Don Wright Faculty of Music

“This award has proven that by putting in the extra hours and always giving your best effort you can be recognized, and the work does pay off. I would like to thank the donors for this award, because as a child from a single parent household, life hasn't always been easy. So, to be recognized with this honour is something that I am immensely grateful for.”

Aidan Gallacher
Year 2, Political Science
Faculty of Social Science

“Receiving a nursing scholarship isn't just about funds; it's a lifeline. It has empowered me to pursue my passion, affirming my capabilities in my educational journey and inspiring my future contributions to healthcare. The moment I learned that I would be receiving a scholarship, it evoked an overwhelming mix of emotions – joy, relief, gratitude, and a sense of validation. In that moment, my dreams felt more attainable, and the recognition fueled a deep sense of accomplishment and motivation.”

Mansi Rathod
Year 2, Nursing
Faculty of Health Science

“My experience at Western University has been truly transformative. I am grateful for the incredible support and resources that have propelled me forward in my journey toward the field of medicine. Engaging with mentors, professors, and peers who genuinely care about my journey and success has allowed me to further appreciate the support I receive. It also motivates me to continue to give back to my community in any way that I can until I can do so as a medical professional.”

Arad Keshvadi
Year 3, Biology and Medical Science
Faculty of Science
